TURBOCLIP™
UNIVERSAL HIDDEN DECK CLIP

ARMADILLO JOIST COVER

Protect the substructure of your deck. When leaves and debris get trapped between your deck boards and joists it causes deterioration. Armadillo Joist Cover protects the under-lying lumber where moisture collects to prevent rotting.

ARMADILLO FLASHING

To ensure a longer lasting deck, direct water away from the house and over the ledger board to prevent moisture from seeping into the stud wall and rotting your deck supports. Easy to handle and lightweight, Armadillo Flashing is extremely tough and lasts longer than most metal flashings on the market.
