THE OUTSIDE COMPANY™

Get outside and live your best life

We realize that inside each of us, there is an Outside Side™ — a side begging to get out there, to be outgoing, to break out of our same old inside routines and to outdo ourselves with our outdoor space. At Barrette Outdoor Living, we help your Outside Side run free with products that constantly beckon you out there. We know there is an Outside Side in everyone and we're firm believers that it's our best side because we're The Outside Company™.

Your vision

Your home is more than just a space. It's where you raise a family. It's where friends gather, and seasons come and go. It is a living, breathing picture of your life. With our diverse and flexible range of outdoor living solutions, Barrette Outdoor Living can help you bring any vision to life.

Our mission

Barrette Outdoor Living strives to be the best in product design and innovation, inspired by those who work with and for us to create superior outdoor living solutions both professionals and homeowners demand. At the core of our business is a place where integrity, ingenuity and skill meet.

Our promise to you

At Barrette Outdoor Living, we believe in making things right. We proudly stand behind our products by providing dedicated support, superior customer service and product warranties that feature some of the most comprehensive coverage in the industry. With decades of experience behind us, we are quite confident in the craftsmanship and quality of our products, but we also realize things happen. If that thing happens, we promise to make it right within the constraints of our warranties.

Leading the way

Crafting quality

Making it right

Being responsible

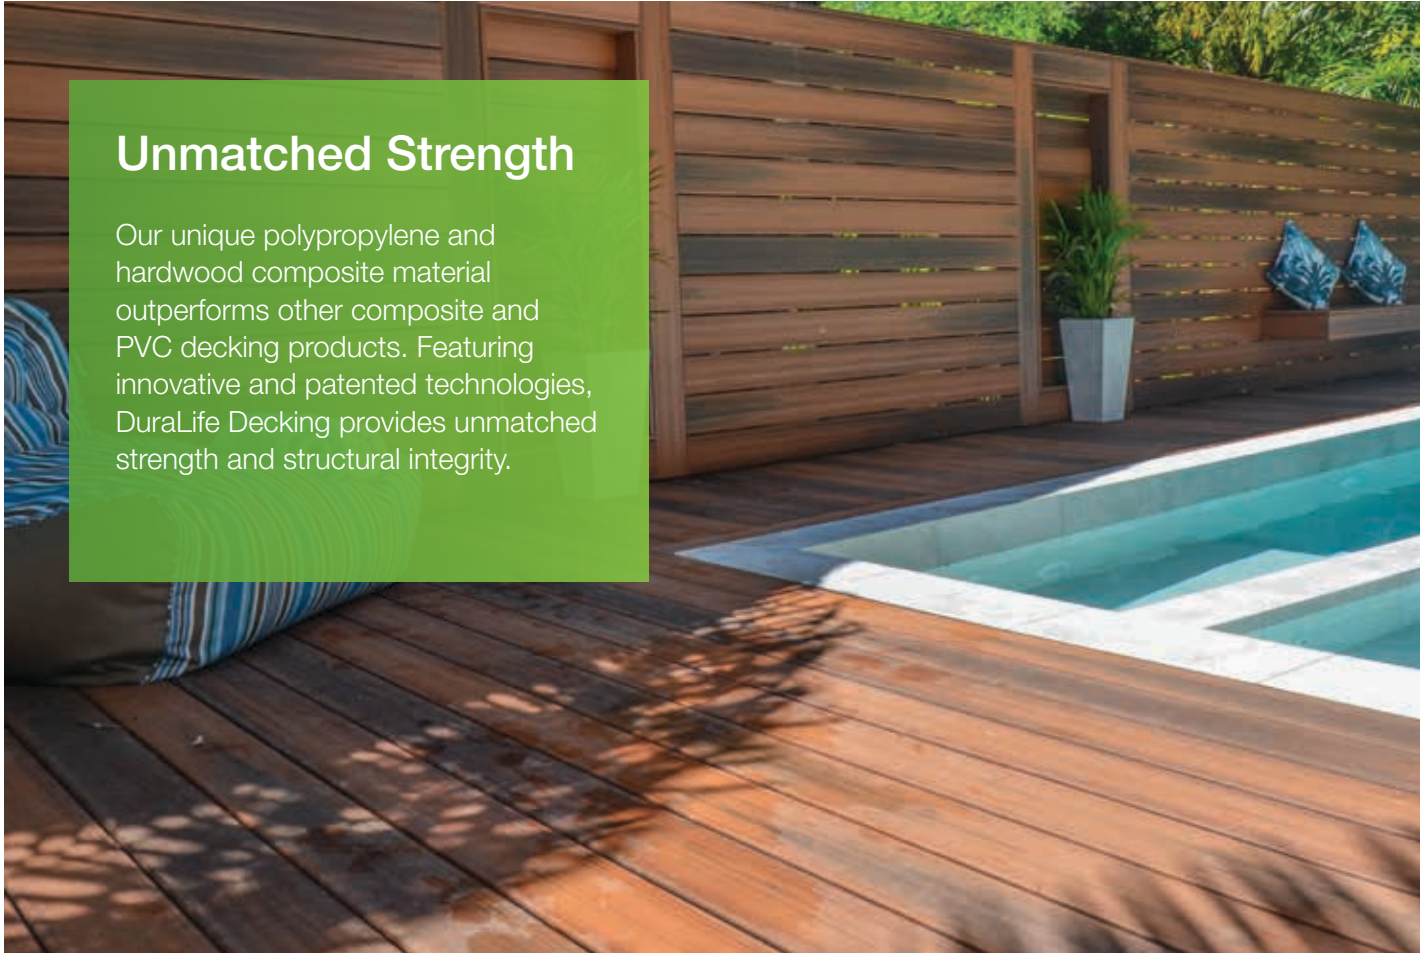

Barrette Outdoor Living can help make your outdoor vision a reality. Proud to be an American manufacturer, we produce and distribute fencing, railing, decking and complementary outdoor products. **To learn more, visit us at barretteoutdoorliving.com/warranty**

DURALIFE DECKING

Make your deck dreams come true with our durable, low-maintenance composite decking. Offering several eco-friendly collections, we make it easy to find a style that satisfies any taste and budget.

Unmatched Strength

Our unique polypropylene and hardwood composite material outperforms other composite and PVC decking products. Featuring innovative and patented technologies, DuraLife Decking provides unmatched strength and structural integrity.

Heat Resistant

Featuring a unique polypropylene cap that covers the surface of the deck boards, our decking products are over 18% cooler than traditional composite decking.* So even in the most extreme heat, our deck boards can be walked on with bare feet.

Slip Resistant

Providing superior slip resistance and traction, DuraLife Decking offers safety and peace of mind. Our decking is 136% more slip resistant than competitor's products when wet and 56% more slip resistant than competitor's products when dry.**

Warranty

DuraLife decks are made with durable materials and are backed by our Transferrable 25 Year Warranty.

**Results based on testing of similar deck colors — tested via ASTM D4803.*

***Based on testing complying to ANSI/NFSI standards.*

HARDWOODS COLLECTION™

The Hardwoods Collection of eco-friendly composite decking offers rich, wood tone colors with variegated grains in boards to replicate the look and feel of real wood.

BENEFITS

- Nature inspired design replicates the look of wood
- Unique and non-repeating variations
- Multiple ways to easily install including Step-Clip fastening system that saves installation time
- 25 Year Limited Warranty

Poly-Pro Advantage™

The Poly-Pro Advantage is a unique polypropylene and hardwood composite that outperforms other composite and PVC decking products.

Step-Clip®

Step-Clip delivers a quick, easy and efficient deck installation solution that locks boards into place with a single step — no special tools needed.

CoolTrac™

CoolTrac material composition provides 136% more slip resistance* and keeps boards up to 18% cooler than traditional composite decking**.

*Based on wet board testing complying with ANSI/NFSI standards.

**Based on testing of similar deck colors.

THE INSTADECK® DIFFERENCE

Tiles easily snap together to create a foundation for a freestanding, ground-level deck which can be assembled on any flat surface, using minimal tools. The integrated Step-Clip® fastening system makes installing compatible composite deck boards (sold separately) fast and easy. No screws needed — just step and clip to lock deck boards securely into place.

FEATURES & BENEFITS

- DIY-friendly with minimal tools required
- Create any size deck using locking tile foundation
- Integrated Step-Clip fastening system makes for easy deck board installation
- Made in the USA with Limited Lifetime Warranty

InstaDeck Outdoor Flooring System with integrated Step-Clip Technology (4-pack of tiles)

Lay out and secure tiles together on level surface.

Place deck boards onto InstaDeck tiles.

Step down on boards to lock them into place.

How big is your space?		What you will need.				
Deck Size L x W	Square Footage Area	# of InstaDeck Packs	Total # of InstaDeck Tiles	Deck Boards	Anchor *	Anchor**

FASTENING SYSTEMS

DuraLife Decking offers four ways to easily install decking, allowing you to choose the system that works best for your needs and skill level.

Step-Clip Hidden Fastener installation.

Step-Clip®

DuraLife Decking's patented Step-Clip fastening system **reduces deck installation time**. No spacing, extra measuring or grabbing for fasteners — and less time bending up and down. Decking can be laid out in advance to ensure that its appearance is pleasing to the homeowner, and the contractor can install special cut boards around posts and other obstructions after all other boards are in place.

Easy to Replace

Step-Clip makes replacing damaged boards significantly easier.

No Special Tools

Install interlocking strips along joist with a nail gun or hammer.

No Joist Protection Tape

The strip protects the top of the joist from water damage, rot and decay.

Fastenator™

Strong, durable and easy to install, the Fastenator hidden fastening system provides a stable, barefoot-friendly surface and improves the aesthetic appeal of the deck. Great for all traditional decking installation methods including angled or herringbone deck patterns and stair treads.

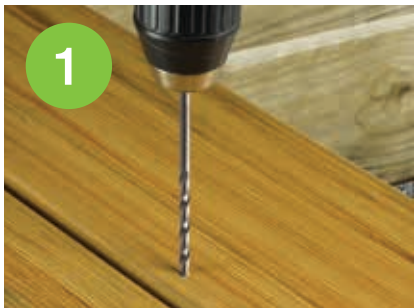

Starborn® Pro Plug® System

The Starborn Pro Plug System is the ideal way to hide and blend colors when using a traditional face-screw installation method. Using a three-step method which includes color-matched plugs that are made from the same material as our decking to cover inset screws. For use with Siesta, Starter and Starter+ Profiles only.

EASY three-step process:

DRILL

SET

PLUG

Starborn® Color-Matched Screws

For Fascia Board Installation:

The Starborn Deckfast Fascia System features colored screws that complement our deck board offering. A pre-drill tool, that creates an oversized hole to allow for expansion and contraction without putting a large amount of force on the screw, is also available.

For Deck Board Installation:

Starborn Cap-Tor® xd screws are designed to provide a uniform finish to our decking. A depth setter tool is also available and makes it easy to set Cap-Tor xd screws at a consistent depth.

LED LIGHTING

Add ambiance and the finishing touches to your deck with several LED lighting options that are easy to install.

Flush Deck Lights installed into stair riser boards.

Easy to Install

LED plug-and-play lighting system does not require cutting or splicing of wires.

Long Lasting

Long-lasting, true white LED lights — rated at 50,000 hours.

Bluetooth Controllable

Adjust and control lighting with smartphone using the compatible transformer.
