2026

THE TURNBERRY COLLECTION™
Hickory - Natural Hickory WD2016

2026 Catalog

A word from our owners:

As we come to the end of 2025 we look back and feel great about all the hard work, thoughtful decisions, and strategic budget choices we made. All of this has set us up to have an amazing and prosperous 2026.

The most significant and positive change we made in 2025 was moving all our production completely out of China. This transition allowed us to partner with higher quality manufacturers and gave us a stronger focus on product excellence and top-level service.

There was significant uncertainty across the industry in 2025 due to the tariffs implemented in April, August, and October. As a result, customers became more cautious with their investments making any sustained sales growth challenging for everyone. But now, with the interest rates coming down and the strong lineup of products we have introduced, and will continue to introduce this year, we are confident this momentum will lead to a very successful 2026.

In 2025 we introduced three new collections that have quickly become key drivers for our business, and we know these will only become stronger in 2026. These collections are Dynamic Fit™, Dynamic Stick™, and our new wood line The Turnberry Collection™.

Looking forward to 2026, we will be introducing two new value collections in the second quarter. These offerings have been designed to provide our customers with aggressive price points that will support growth and competitiveness. These "workhorse" collections are named Bronco and Gladiator.

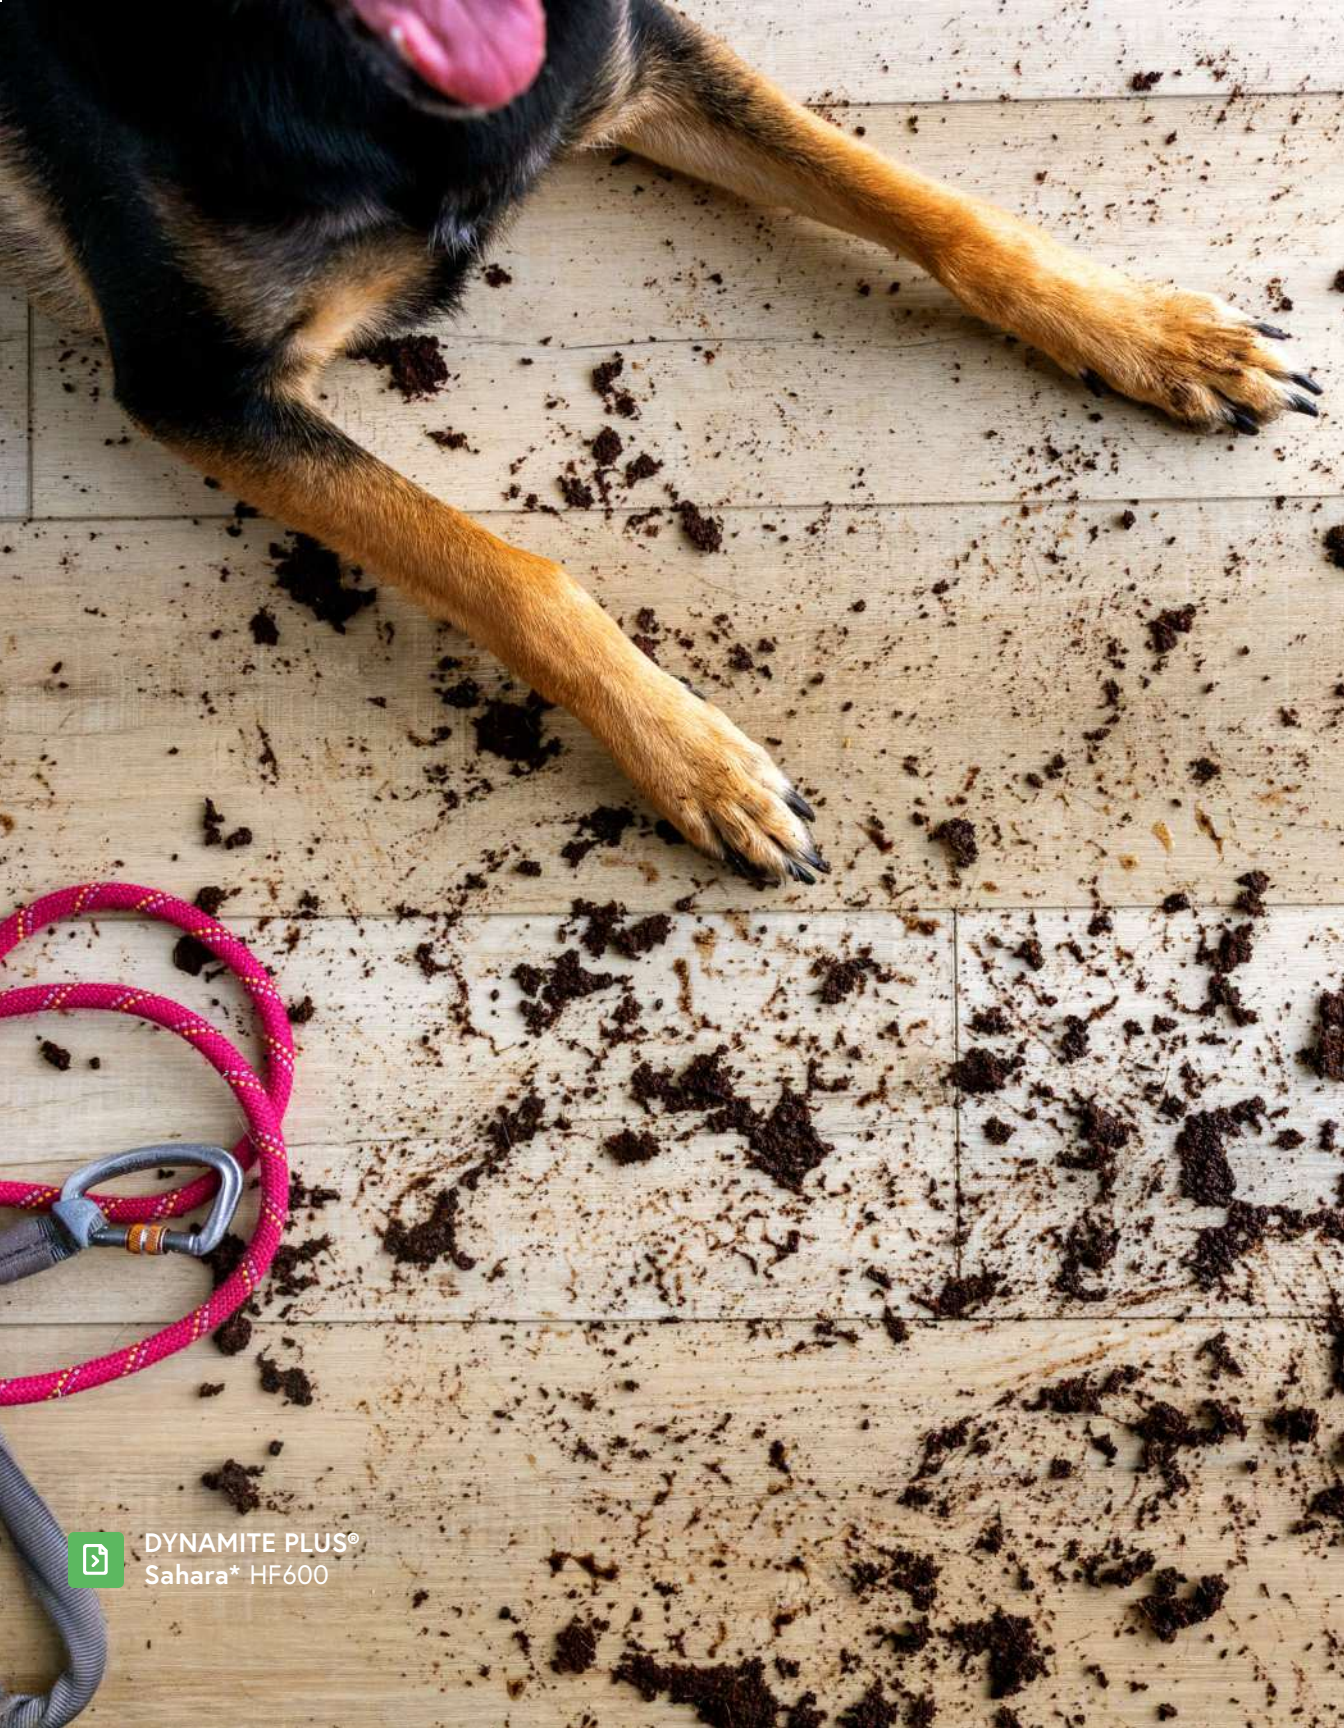

In closing, thank you to everyone who supported us in 2025. Your support means so much.
We look forward to exceeding your expectations in 2026 and achieving continued growth and success together!

Our Values

See why Happy Feet® is the best flooring decision you can make.

The Johnson Family

Family

If you work with us, carry our product, or use our floors, you're part of our happy, hardworking family, and we'll do right by you.

Expertise

We live and breathe flooring, and we pride ourselves on helping customers find the perfect flooring product for every project.

Innovation

Fresh products. New sales tools. Strategic marketing campaigns. We're always working to give our customers the best products and the best experiences.

Versatility

Happy Feet® flooring is engineered to handle any job out there. Let us help you find the right flooring product for your project.

Inventory

We keep customers happy with more than 29 million square-feet of inventory ready to ship anywhere in the country and 98% of orders ship within 48 hours.

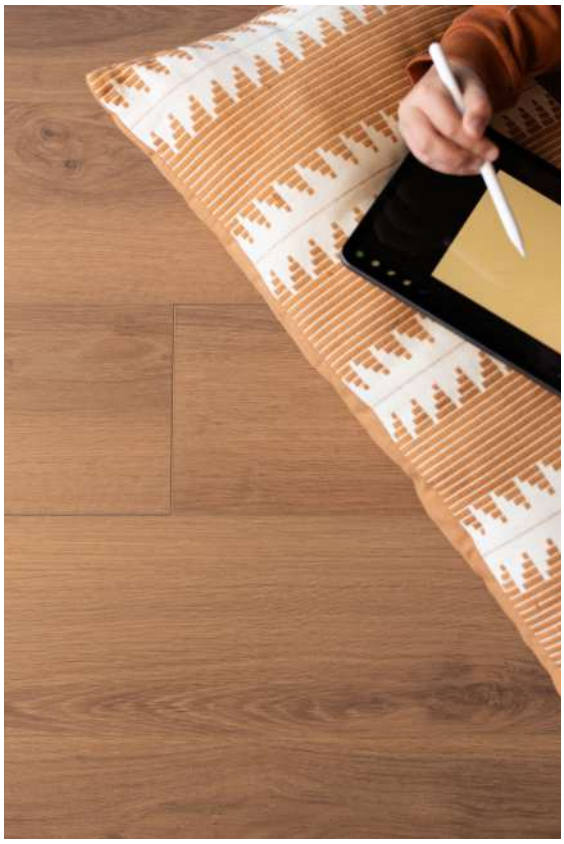

Support

Our amazing Customer Support Team is here to ensure that working with Happy Feet® is not only good for your business, but also a great experience.

Features & Benefits

Performance, quality, and value for every space.

PINNACLE™
Cambridge HF1212

Planks that Really Perform

Every product we sell offers the quality customers love.

Kid & Pet Friendly

Our entire flooring line is built to withstand traffic from active youngsters and four-legged friends.

Antimicrobial

Thanks to advanced engineering, our LVP deters the growth of microorganisms that come into contact with its surface.

FloorScore® Certified

This certification is recognized around the world and means our floors meet stringent standards for indoor air quality so you can breathe healthier.

Scratch & Slip Resistant

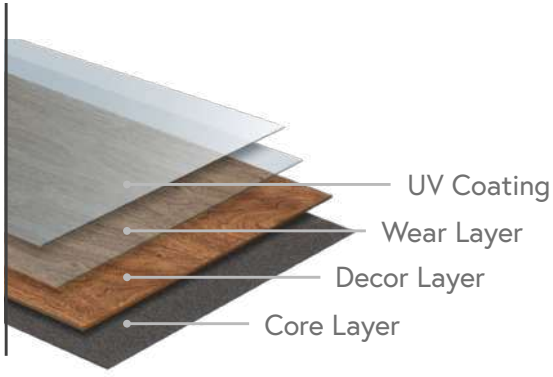

Our floors meet national ASTM requirements for scratch and slip resistance, making them great for high-traffic commercial or residential spaces.

Water Resistant

Our planks are completely water resistant, so no need to fret over splashes and spills in bathrooms or kitchens.

Durable Wear Layer

We want your floors to stay beautiful for years to come, so our products offer UV coatings and a range of durable wear layers to protect against fading, scratches, scuffs, and stains.

Learn more about our products at HappyFeetInternational.com

Quality from the Inside Out

Superior engineering means a better floor for you.

From our team to our processes to every product we sell, quality is our business. You can rest assured that every plank you buy from us utilizes the finest materials and engineering available.

Stabilicor®

Stabilicor® absorbs more sound than traditional vinyl flooring, resulting in quieter steps and a more comfortable underfoot feel. The engineered polymer core provides additional strength while maintaining just enough flexibility. You can count on Stabilicor® to bring exceptional quality to any project.

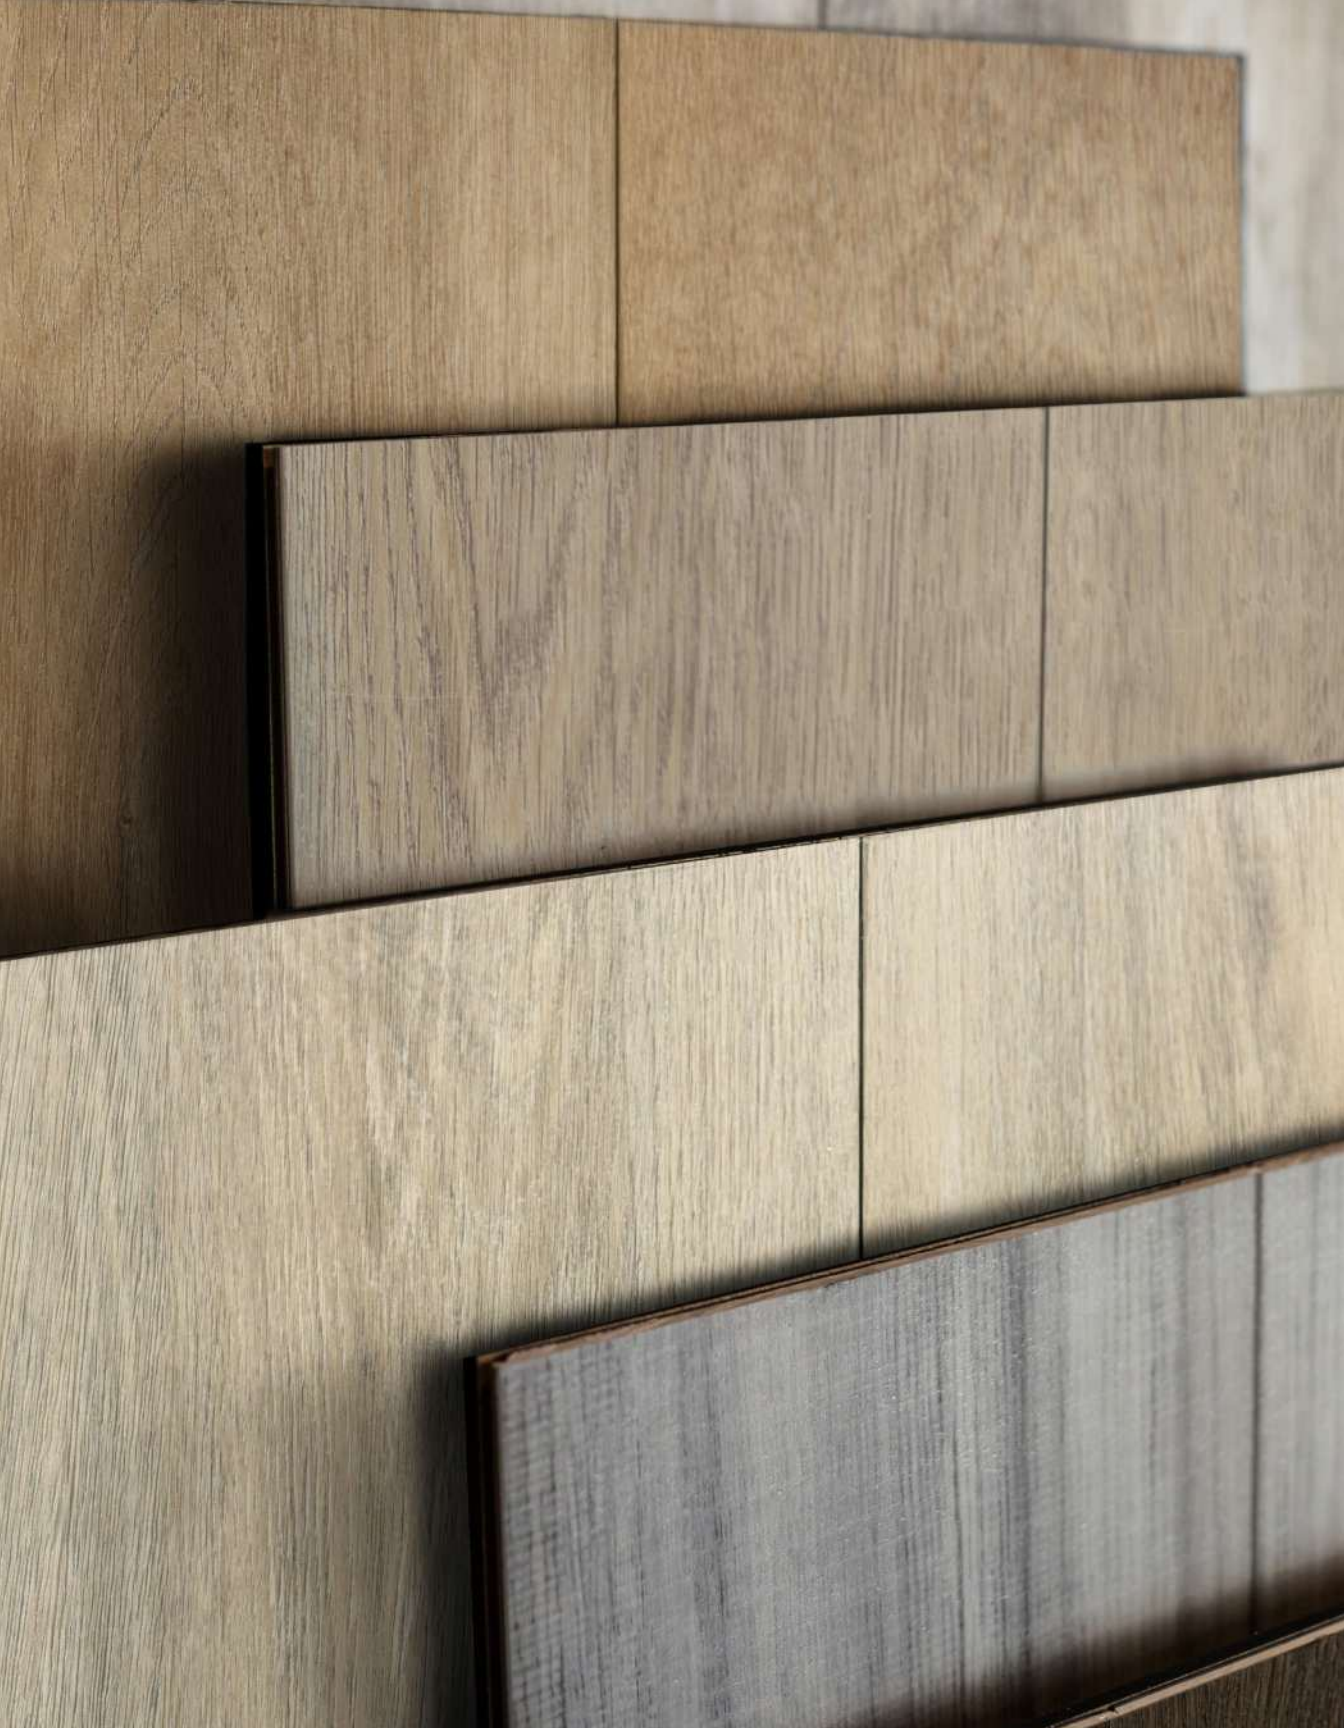

Stabilicor® Plus

Stabilicor® Plus planks offer extreme durability and the capacity to withstand years of use in almost any room. The rigid stone polymer composite core enhances durability, provides a cooler feel underfoot, and reduces unwanted flexibility.

Stabilicor® Elite

Stabilicor® Elite brings the highest level of stability, comfort, and warmth to luxury vinyl plank. For the first time ever, designers, architects, and style-savvy homeowners can enjoy the look and feel that mimics actual hardwood with the easy installation and unsurpassed durability of LVP.

PINNACLE™
Edinburgh HF1208

ZeroMark®
STAIN RESISTANCE

Unbeatable protection against the toughest marks and stains.

ZeroMark® combines urethane, ceramic nanoparticles, and an additional proprietary synthetic compound to give your floor unprecedented protection against almost any type of stain, spill, or mark.

Even dried-on permanent marker wipes right off.

Key Advantages

- Makes easy work of the toughest marks and stains
- Perfect for high-traffic residential environments
- Stands up to demanding commercial environments

Additional Advantages

- Antimicrobial
- Anti-slip
- Improved anti-scratch protection vs. uncoated floors

THE TURNBERRY COLLECTION™
Driftwood WD2017

Engineered Wood

Natural charm with contemporary elegance.

Engineered Wood Benefits

Style, Strength, and Sustainability

Offering the perfect balance between beauty and durability, our engineered wood floors are crafted with precision and care, bringing versatility, warmth, and sophistication to any space. Turnberry has a nice thickness with a sturdy rigid core, a premium wear layer and a light wire brush finish. This collection seamlessly blends natural charm with contemporary elegance.

Durable.

Great for heavy foot traffic and varying humidity levels, our rigid core provides superior dimensional stability, a benefit against solid wood.

Versatile.

Flexible installation options —glue-down, staple, or floating— perfect for any space.

Aesthetic Appeal.

Adding depth and richness, this 3mm dry-sawn face wear layer has a lightly wire-brushed finish that enhances the natural grain of both the Oak and Hickory options.

Environmental Benefits.

The materials used for our flooring are responsibly sourced and reduced in production quantity, making our products both kind to the environment and your home.

Experience the perfect blend of elegance and practicality with engineered wood flooring, designed to enhance your space with both beauty and performance.

ARRIVAL 10™
Reclaimed Pine LM1011

Laminate

Timeless style. Durable construction.
Ease of installation.

Laminate Benefits

Meet the wood-based alternative that's stylish, durable, and budget friendly.

For Projects that Make an Impact.

Our laminate flooring boasts a slew of benefits that make it a fitting option for a variety of residential jobs.

Timeless Style.

Meticulously crafted to mimic the beauty of real wood without the price tag, this laminate flooring brings a warm sophistication to any residential space and it's easy to take care of.

Durable Construction.

Beyond incredible style, this product offers a water resistant, High Density Fiberboard (HDF) construction for superior strength and durability.

Ease of Installation.

Perfect for DIYers and busy homeowners, a click lock installation system makes installing this flooring quick and simple for impactful room transformation with a beautiful wood look.

QUICK FIT®
Foxwood HF752

Loose Lay

Perfect installations
in record time.

Loose Lay Benefits

Fast installation for fantastic floors.

Professional results in no time flat.

Our Loose Lay LVP makes quality installation as easy as 1-2-3.

1

Prepare your base.

Make sure your install surface is clean, dry, smooth, and level.

2

Lay your planks.

Start in one corner. Lay one plank at a time, staggering as you go. Trim with a utility knife.

3

Enjoy your floors!

Double-check your fit, easily adjust any plank, and that's it!

Glue Down

Durable and stylish
for the largest projects.

Glue Down Benefits

Amazing floor. Amazing value.

Perfect for large-scale projects with tight budgets.

Our glue down LVP provides the reliable performance commercial spaces need at a price point that fits any project.

Antimicrobial

Our proprietary finishes deter the growth of microorganisms that contact your floors, keeping your space safe.

Awesome Style

This flooring is anything but boring. We offer an amazing array of beautiful color choices suitable for hospitality, multi-family, offices, and everything in between.

Completely Water Proof

Our planks are completely water proof, no matter the environment, so they are perfect for spill-prone commercial areas.

Installation Supplies

Everything you need
to finish the job right.

LVP/LVT Adhesives

Make your perfect installation really stick.

HF9100 Transitional Adhesive

HF9100 withstands situations with severe moisture and alkalinity, and easily handles the pressure of heavy rolling loads.

- Permanent water-resistant bond
- Immediate access for light traffic
- Elastomeric bond
- Plasticizer migration resistance
- High moisture tolerance

← View Transitional Adhesive Video

HF9200 LVP & LVT Spray Adhesive

HF9200 reduces install time and allows immediate traffic and weight bearing loads without any plank movement or displacement.

- Uses 80% less adhesive
- Approximate 15-minute dry time
- High moisture and pH resistance
- Non-toxic, 0.0g/mL VOC
- Immediate traffic access
- Easy water cleanup

Underlayment & Primer

Quiet, comfortable, and dry from the start.

Happy Step® Underlayment

Happy Step's high-density synthetic rubber construction smooths out minor subfloor irregularities, reduces unwanted noise, and works great over in-floor heating systems.

- Easy installation
- Sound reduction
- Smooths out subfloor irregularities
- Great over in-floor heating systems
- Hypoallergenic & CRI Green Label Plus® certified
- Inhibits mold and mildew with Guardian™ antimicrobial solutions

HF525Z Moisture Vapor Barrier Primer

Our HF525Z Primer fights moisture and serves as an encapsulator, making it uniquely adaptable to fluctuating moisture levels in different environments.

- Up to 95% moisture protection
- Encapsulates cutback residue
- Primes porous substrates
- Detackifies existing adhesive residue
- Protects flooring from alkali attack
- 1-part installation

← View Primer Video

Please Note: With the recommended installation process, materials, and proper maintenance, your Happy Feet® flooring will provide years of carefree use. For more information, visit the Resources section of our website at HappyFeetInternational.com

Wood Adhesives

Wood flooring deserves a bond this reliable.

WD23U Urethane Adhesive

WD23U delivers reliable bond strength for wood flooring installations, with flexible options for bond-only or unlimited moisture vapor barrier protection.

- Superior bond strength
- Versatile across substrates and wood types
- Generous coverage
- No moisture testing required
- 1-year shelf life

WD24R Elastometric Adhesive

WD24R provides exceptional elastomeric bonding performance while offering optional unlimited moisture vapor barrier protection for demanding jobsite conditions.

- Sound and crack isolation benefits
- Waterproof membrane performance
- Coverage up to 50 sq. ft./gal
- 45-minute working time
- Low/zero VOC for improved indoor air quality
- Easy water cleanup

Please Note: With the recommended installation process, materials, and proper maintenance, your Happy Feet® flooring will provide years of carefree use. For more information, visit the Resources section of our website at **HappyFeetInternational.com**
