TimberTech®

#1 in premium decking

Unrivaled real wood looks

The most convincing aesthetics with more colors and textures than any other brand

Proprietary technology

Industry-leading tech for a cooler touch and top-rated fire resistance

Sustainably made

With up to 85% recycled materials, our decking is more sustainable than wood

Vintage Collection® in Mahogany
Impression Rail Express® in Black with Modern Top Rail

Real wood looks, enhanced by technology

Our proprietary color-blending and embossing technologies create authentic wood looks you won't find anywhere else. With more than 35 real wood colors and textures, the possibilities for your outdoor space are endless.

Vintage Collection® in Weathered Teak®

*All printed samples are carefully reproduced to be as close to the actual sample as possible. Actual colors may vary due to printing limitations.

NATURAL COLOR BLENDING

Solid

Monochromatic color for a stained or painted wood look.

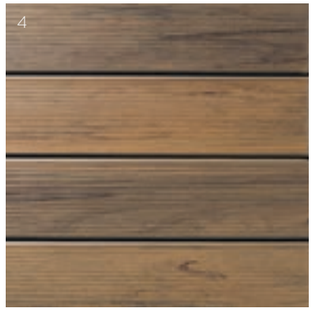

Blended

Subtle color variation for a classic wood look.

Highly Blended

Varied coloring with highlights and lowlights for a premium hardwood look.

Unique Blending

Cascading, multitonal color blending for a highly varied, reclaimed wood look.

1. Harvest Collection® in Brownstone 2. Terrain+ Collection® in Dark Oak
3. Vintage Collection in Mahogany 4. Legacy Collection in Tigerwood
5. Prime+ Collection® in Coconut Husk® 6. Legacy Collection in Tigerwood
7. Landmark Collection® in American Walnut® 8. Vintage Collection in Weathered Teak® 9. Harvest+ Collection in Timber Gray

REAL WOOD GRAINS & TEXTURED FINISHES

Straight grain

A linear grain without knots, for a simple, modern wood look.

Hand-scraped finish

A textured finish, ideal for unique, artisan-inspired wood looks.

Crosscut grain

Texture runs perpendicular to the grain for a reclaimed wood look.

Wire-brushed finish

A subtle, textured finish often used for premium hardwoods.

Cathedral grain

Varying peaks for the soft look of quartersawn wood.

SUNNY & SANDY HUES

Embrace sunny, warm hues ranging from whitewashed to golden and sandy. Ideal for Scandi-chic looks, they pair beautifully with dark tones and work for contemporary and mid-century modern homes.

Building for tomorrow, responsibly

Our mission goes beyond outdoor living — it's about shaping a sustainable future. By advancing recycling, protecting forests, and lowering carbon emissions, we're making a positive impact today, so generations to come can enjoy the spaces we create together.

HERE'S HOW WE'RE MAKING AN IMPACT:

- Creating long-lasting materials made with high recycle content
- Protecting natural resources
- Advancing circularity through recycling and manufacturing processes

TimberTech is more sustainable than wood

By combining recycled materials with tree-free manufacturing processes, we achieve a lower carbon footprint than popular wood alternatives.*

*According to life cycle assessment studies commissioned by The AZEK Company. All measurements in kg CO_2e.
**Represents the equivalent number of trees preserved.

OUR GOAL IS TO USE 1 BILLION POUNDS OF RECYCLED MATERIAL ANNUALLY

Each year, we take hundreds of millions of pounds of what could otherwise be landfill- and ocean-bound wood and plastic waste, scrap and trash, like grocery bags, milk jugs, old vinyl siding, PVC pipe, and construction waste – and turn it into TimberTech outdoor living products.

DIVERTING

2.6B LBS

of waste and scrap incorporated into our products since 2019

SAVING

4M+ TREES**

preserved since 2001 by homeowners choosing us over wood

RECYCLING

1200+ BINS

collect post-construction waste and scrap PVC and vinyl for reuse through the FULL-CIRCLE Recycling® program

AZEK FULL-CIRCLE PVC RECYCLING

LEARN MORE ABOUT OUR SUSTAINABILITY EFFORTS

TimberTech®
EVERYTHING WOOD SHOULD BE®

The beauty of wood without the upkeep

Enjoy your favorite wood looks without the worry of splinters, fading, and rotting. TimberTech Decking is made sustainably in the USA and features unbeatable performance backed by industry-leading warranties — for peace of mind and a worry-free deck.

“I always say if people are gluttons for punishment, wood is a great option.

Pace B. | Petaluma, CA
Owner & General Contractor, Diamond Home Restoration

Anatomy of a deck

Before you design your dream deck, get familiar with every element.

TOP RAIL
Top horizontal piece in between posts that connects to the infill

INFILL
Material in between the top and bottom rail

LIGHTING
Ensure safety and add ambiance

FASCIA
Boards that run around the perimeter of the deck

RISER
Boards applied between steps

BOTTOM RAIL
Piece that spans the bottom length of railing and supports the infill

DECK BOARDS

BEST CHOICE FOR FIRE ZONES* *DETAILS AT TIMBERTECH.COM/FIRE

RECYCLED MATERIAL MADE IN THE USA

Our most realistic wood looks with unparalleled performance

Vintage Collection® in Weathered Teak®
Impression Rail Express® in Black with Modern Top Rail

**Depending on environmental conditions, TimberTech Advanced PVC Deck colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees where applicable. **Although TimberTech Advanced PVC decking is cooler to the touch than many other composite deck boards, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.*

Vintage Collection® in Weathered Teak®

THE MOST REALISTIC WOOD LOOKS

Crafted with proprietary color-blending technology and embossing techniques, all 15 colors of our Advanced PVC Decking authentically replicate the natural tones and textures of premium woods.

BEST MOISTURE PROTECTION

Made only with recycled and high-performance polymers — featuring a 360° cap for added protection — it resists moisture that can lead to rot, mold, and mildew.

UNMATCHED DURABILITY

Made without wood fibers, our boards resist moisture damage, cracking, peeling, and splintering — even in the harshest conditions.

BEST CHOICE FOR FIRE ZONES

Engineered for high-risk areas, our Advanced PVC Decking features collections with industry-leading fire resistance — including a Class A Flame Spread Rating, Ignition Resistant designation, and/or WUI Compliance.

MORE SUSTAINABLE THAN WOOD

Made in the USA with up to 65% recycled PVC, including post-construction vinyl, and fully recyclable through our FULL-CIRCLE Recycling® Program, it features a lower carbon footprint than ipe.

NO SANDING, STAINING, OR SEALING – EVER

Unlike wood, our low-maintenance decking only needs an occasional scrub and rinse to clean.

STAYS COOLER UNDERFOOT

With proprietary Cool Touch® Technology, lighter-colored boards stay up to 30° cooler than traditional composites, and are quicker to cool after they're no longer in direct sunlight.

Look for this icon to help you find our Cool Touch colors.

COLOR THAT LASTS

Our advanced cap technology resists UV damage, spills, and scratches.

BETTER TRACTION, WET OR DRY

Engineered for up to 40% better traction than leading competitors — even when wet — for greater peace of mind on docks, around pools, and more.

BACKED BY INDUSTRY-LEADING WARRANTIES

Protected by a 50-Year Fade & Stain Limited Warranty and Limited Lifetime Product Warranty.

THE MOST DESIGN POTENTIAL

Multiwidth options and heat-bending capabilities let you bring curved, custom designs to life for a unique look.

ADVANCED PVC

VINTAGE COLLECTION®

Exotic Hardwoods

Ignition Resistant | Class A Flame Spread Rating | WUI Compliant

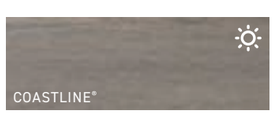

Vintage Collection® in Weathered Teak®
Impression Rail Express® in Black with Modern Top Rail

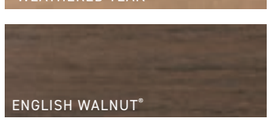

This collection captures the look of sought-after premium hardwoods — with a refined wire-brushed finish and multitonal color blending featuring highlights and lowlights.

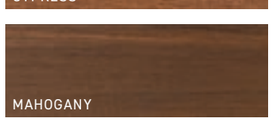

- Complex, multitonal colors to reflect the natural variations in exotic woods
- With an Ignition Resistant designation, Class A Flame Spread Rating, and WUI Compliance, it's the best choice for fire zones
- Design flexibility with Multiwidth Decking in narrow, standard, and wide widths for all colors

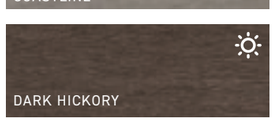

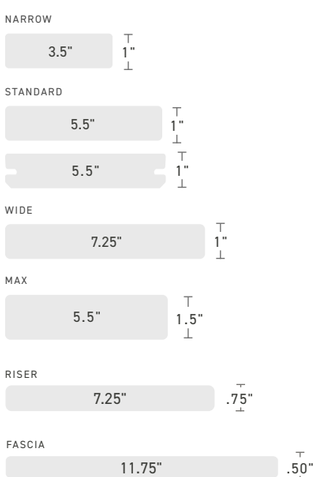

ADVANCED PVC

LANDMARK COLLECTION®

Crosscut Hardwoods

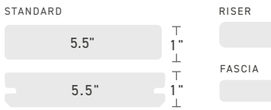

Ignition Resistant | Class A Flame Spread Rating | WUI Compliant

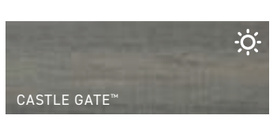

Landmark Collection in French White Oak ®

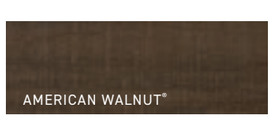

For a look that resembles popular hardwoods like white oak and walnut, choose this crosscut cathedral grain style with a matte finish and cascading color blending for subtle board-to-board variation.

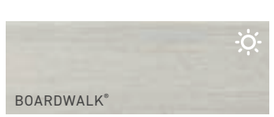

- Cascading highlights and lowlights create dramatic coloring for unique board-to-board variation
- With an Ignition Resistant designation, Class A Flame Spread Rating, and WUI Compliance, it's the best choice for fire zones
- All colors available in standard width

ADVANCED PVC

HARVEST+ COLLECTION™

Understated Cathedral Grain

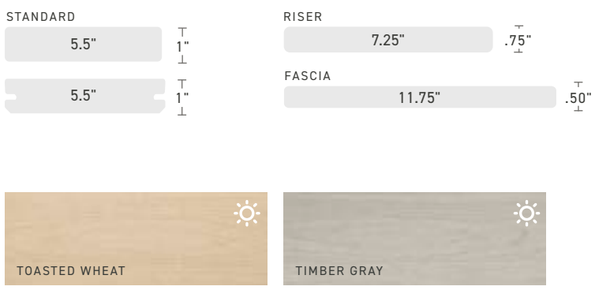

Class A Flame Spread Rating | WUI Compliant

Harvest+ Collection in Timber Gray, Classic Composite Series in White with RadianceRail®

Bring the character of gently worn hardwoods to your outdoor space. This collection features a beautifully aged patina for a natural, lived-in look.

- Blended coloring with subtle highlights, lowlights, and tonal variations
- Artful layering of open and cathedral grain patterns with a low-gloss finish
- With WUI Compliance and a Class A Flame Spread Rating, it's a better choice for fire zones

ADVANCED PVC

HARVEST COLLECTION®

Refined Cathedral Grain

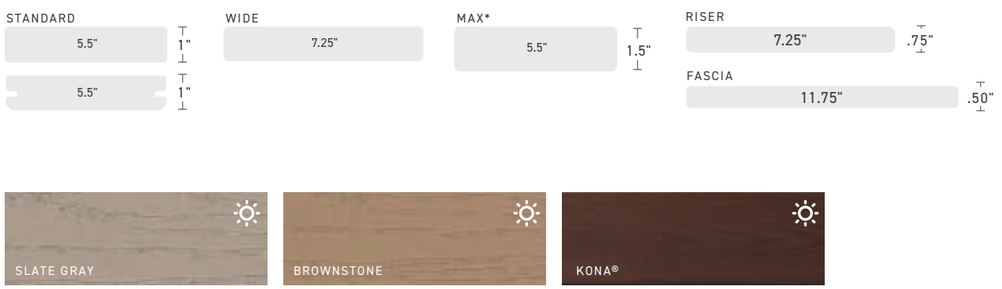

Class B Flame Spread Rating | WUI Compliant

Harvest Collection® in Slate Gray, Classic Composite Series in White with Premier Rail

Embrace the soft, inviting versatility of attractive cathedral grain — with varying peaks and soft, solid colors that suit a range of styles.

- Solid, soft coloring for a simple, attractive finish
- With WUI Compliance, it's a smart choice for fire zones
- Slate Gray and Brownstone available in standard & wide widths

**Max boards only available in Slate Gray*

ADVANCED PVC

PORCH COLLECTION

Hardwoods & Stained Wood

Class B Flame Spread Rating

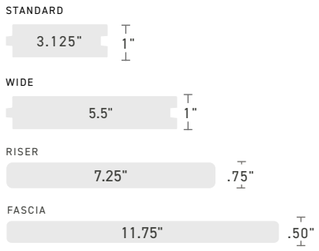

WUI Compliant

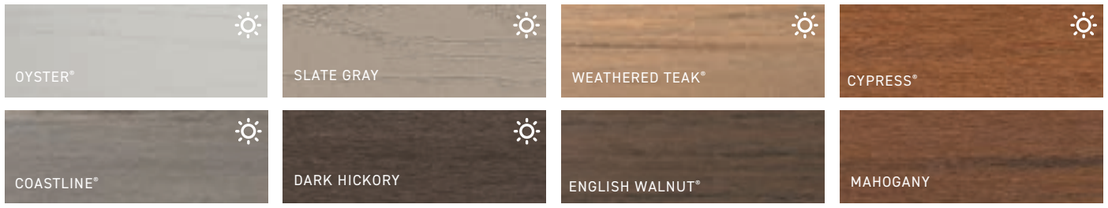

Porch Collection in English Walnut®, Impression Rail Express® with Classic Top Rail

Bring all the beauty and performance benefits of TimberTech Advanced PVC Decking to the porch. Our innovative tongue-and-groove installation allows for smaller gaps between boards for a traditional porch flooring look.

- Standard (3.125") available in all colors
- Wide-width (5.5") available in Coastline, Cypress, Dark Hickory, English Walnut, Mahogany, and Weathered Teak
- With WUI Compliance, it's a smart choice for fire zones
- Also available in cladding; see details at TimberTech.com/cladding

Fascia not available in Oyster®

ADVANCED PVC

Multiwidth: The new design standard

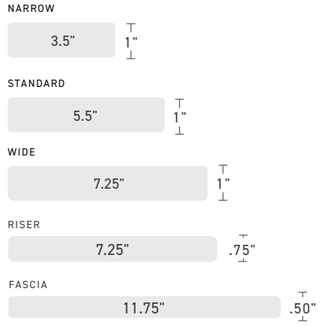

Create a look all your own with Multiwidth Decking options exclusive to TimberTech. With narrow-, standard-, and wide-width options, TimberTech gives you the flexibility to design your deck your way. See page 38 for width availability by color.

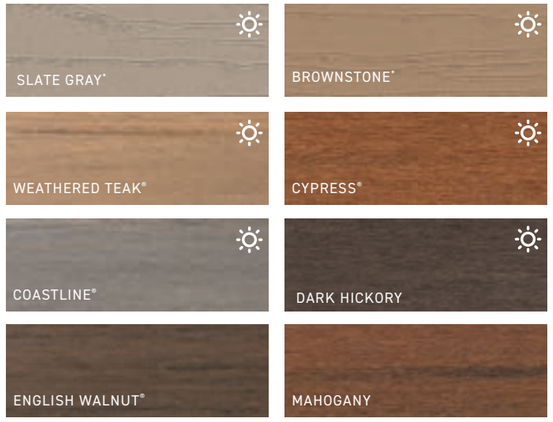

Vintage Collection® in Multiwidth Coastline®

Class A Flame Spread Rating

Class B Flame Spread Rating

WUI Compliant

Cool Touch® colors are better for sunny decks

Any decking will get hot in the sun, especially in warmer regions. With Cool Touch® Technology, TimberTech Advanced PVC delivers a cooler, more comfortable experience. Not only does it stay up to 30° cooler than traditional composites, it's engineered to retain less heat and cool down quicker when it's no longer in direct sunlight.

The Cool Touch colors shown here are a better choice for your sunny outdoor spaces — and because they're Advanced PVC, they're also moisture and slip resistant, making them a great option for docks and poolside decks.

TimberTech COMPOSITE

30 YEAR PRODUCT FADE & STAIN LIMITED WARRANTY

25 YEAR PRODUCT FADE & STAIN LIMITED WARRANTY

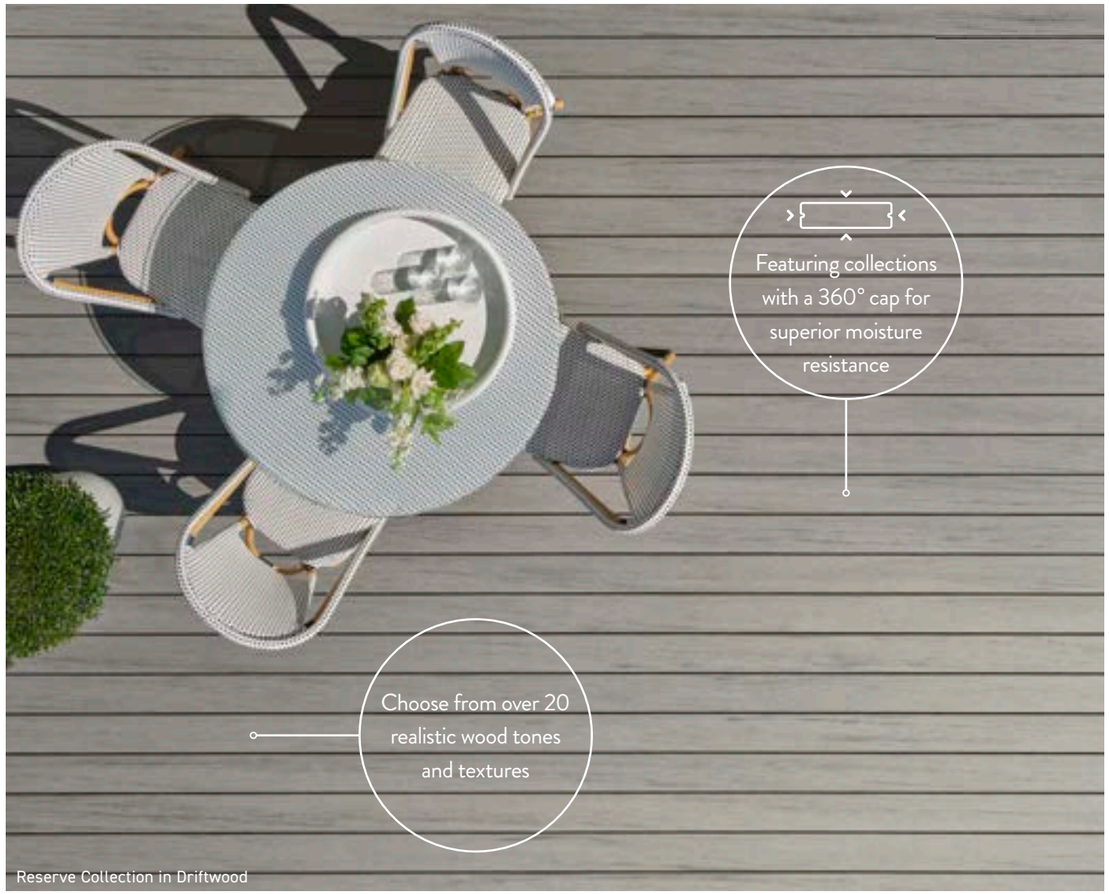

CAPPED COMPOSITE MOLD GUARD TECHNOLOGY

RECYCLED MATERIAL MADE IN THE USA

Composite in a class of its own, with unmatched wood looks

Reserve Collection in Driftwood

The proprietary capping on the Prime+, Prime, and Premier Collections do not feature Mold Guard Technology. **Depending on environmental conditions, TimberTech Composite decking colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees where applicable. * According to life cycle assessment studies commissioned by The AZEK Company.*

Reserve Collection in Driftwood

PROVEN DURABILITY

Crafted from a blend of high-performance polymers and reclaimed wood fibers, TimberTech Composite boards are built to last — and won't split, splinter, or rot.

360° MOISTURE PROTECTION

Select Composite collections feature a polymer cap on all four sides — including the grooves — providing superior resistance to moisture damage like mold and mildew.*

NO SANDING, STAINING, OR SEALING – EVER

Unlike wood, our low-maintenance decking only needs an occasional scrub and rinse to clean.

UNMATCHED WOOD LOOKS

Available in more than 20 realistic wood tones and textures, TimberTech Composite is created with color and texture technologies that capture the warmth and charm of real wood.

PROTECTIVE FADE & STAIN RESISTANCE

Our advanced cap technology resists fading and staining for long-lasting beauty and performance.**

MORE SUSTAINABLE THAN WOOD

Made in the USA with up to 85% recycled materials, our Composite Decking has fewer lifecycle carbon emissions than pressure-treated pine or ipe.***

BACKED BY COMPETITIVE WARRANTIES

Protected by 30- and 25-Year Product and Fade & Stain Limited Warranties that vary by collection.

OPTIONS FOR EVERYONE

With competitively-priced collections, TimberTech Composite Decking gives you the beauty, durability, and performance you want — without costly ongoing maintenance.

COMPOSITE

LEGACY COLLECTION

Hand-Scraped Finish

Legacy Collection in Tigerwood

Choose this collection for a craftsman-inspired aesthetic that features cascading hues and a textured, hand-scraped finish.

- Complex, multitonal coloring that cascades through each board
- Variable grain pattern for unique board-to-board variation
- Four-sided proprietary polymer cap (even in the grooves) made with zero wood fibers for superior sun and moisture resistance
- Covered by 30-Year Product and Fade & Stain Limited Warranties

COMPOSITE

TERRAIN+ COLLECTION®

Subtle Wood Grain

Terrain+ Collection® in Dark Oak,
Impression Rail Express® in Black with Modern Top Rail

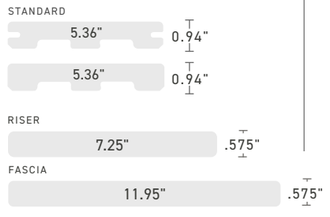

With new and improved color blending technology, these boards deliver sophisticated colors with a subtle grain pattern like sanded white oak and walnut for a versatile, natural wood look.

- Curated palette of cascading colors with low-gloss matte finishes that can be used in mixed-color patterns
- Four-sided, proprietary polymer cap (even in the grooves) made with zero wood fibers for superior sun and moisture resistance
- Covered by 30-Year Product and Fade & Stain Limited Warranties

COMPOSITE

TERRAIN COLLECTION®

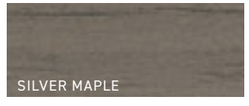

Rugged Cathedral Grain

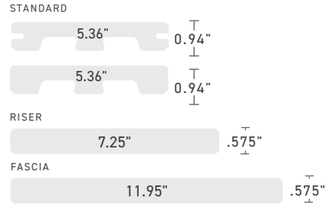

Terrain Collection® in Brown Oak

Capture a timeless, traditional wood look with the Terrain Collection. With subtle color variation and a textured grain, these boards deliver an attractive look for your outdoor oasis.

- Embossed finish for a complex texture that hides everyday wear and tear
- Four-sided, proprietary polymer cap (even in the grooves) made with zero wood fibers for superior sun and moisture resistance
- Covered by 30-Year Product and Fade & Stain Limited Warranties

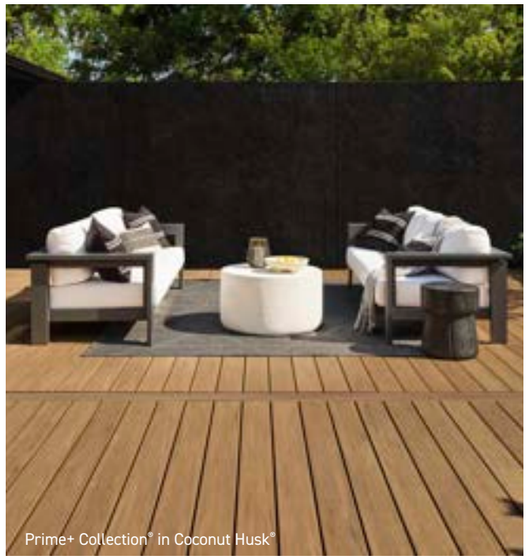

COMPOSITE

PRIME+ COLLECTION®

Timeless Wood Grain

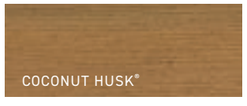

Prime+ Collection® in Coconut Husk®

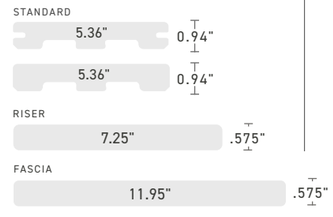

Choose this collection for a classic wood aesthetic with natural, inviting colors and a textured straight grain pattern.

- Moderately color blended
- Scalloped profile
- Three-sided capping for excellent moisture resistance
- Available in standard width and thickness
- Covered by 25-Year Product and Fade & Stain Limited Warranties

COMPOSITE

PRIME COLLECTION®

Painted Wood

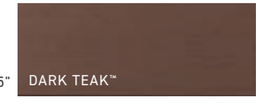

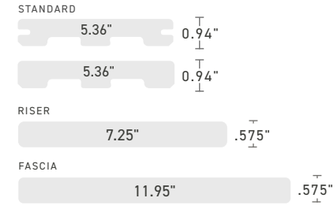

Prime Collection® in Maritime Gray™

For an opaque stained or painted wood look, opt for the Prime Collection, which features earthy, vivid wood stain colors. Featuring the same colors as the Premier Collection, but with a scalloped board for a lighter weight, without compromising a secure underfoot feel.

- A subtle straight grain pattern
- Three-sided capping for excellent moisture resistance
- Available in standard width and thickness, with a scalloped profile
- Covered by 25-Year Product and Fade & Stain Limited Warranties

The proprietary capping on the Prime+, Prime, and Premier Collections does not feature Mold Guard Technology.

COMPOSITE

PREMIER+ COLLECTION

Straight-Grained Hardwoods

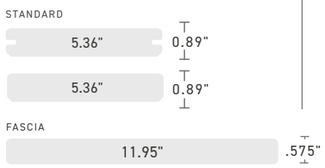

Premier+ Collection in Natural Oak

Elevate your outdoor space with sophisticated color and subtle variegation for a classic hardwood decking aesthetic.

- Natural grain pattern with no noticeable repetition
- Gives you the look of rustic quartersawn hardwoods
- Three-sided capping for excellent moisture resistance
- Covered by 30-Year Product and Fade & Stain Limited Warranties

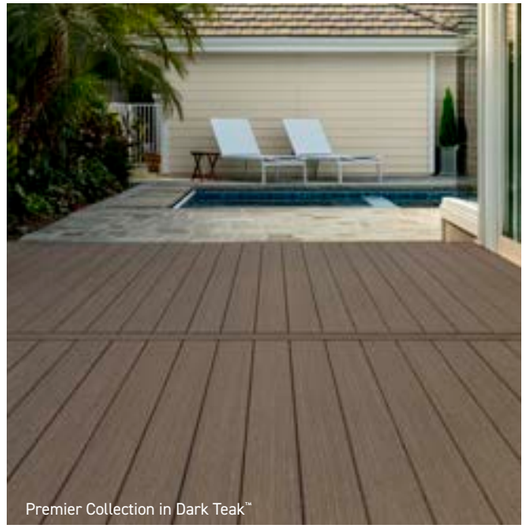

COMPOSITE

PREMIER COLLECTION

Painted Wood

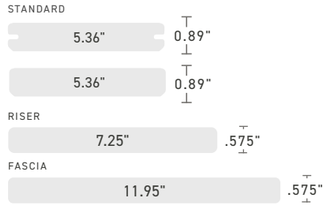

Premier Collection in Dark Teak™

The Premier Collection features the same opaque stained or painted wood look of the Prime Collection, but with a full-profile board.

- A subtle straight grain pattern
- Premier square profile boards feature WUI Compliance for a better choice for fire zones
- Three-sided capping for excellent moisture resistance
- Available in standard width and thickness, with a full-profile board
- Covered by 30-Year Product and Fade & Stain Limited Warranties

*Availability of the Premier Collection varies by region.
Call 877-275-2935 for more information.

Vintage Collection® in Mahogany, Coastline®, English Walnut®, Dark Hickory, Weathered Teak®, Cypress®

See and feel the difference with free samples

The best way find your perfect color is to order free TimberTech samples. Select up to four and we'll ship them to you at no cost so you can compare colors, finishes, and materials and see how they look in your outdoor space.

ORDER FREE SAMPLES

How to compare your samples:

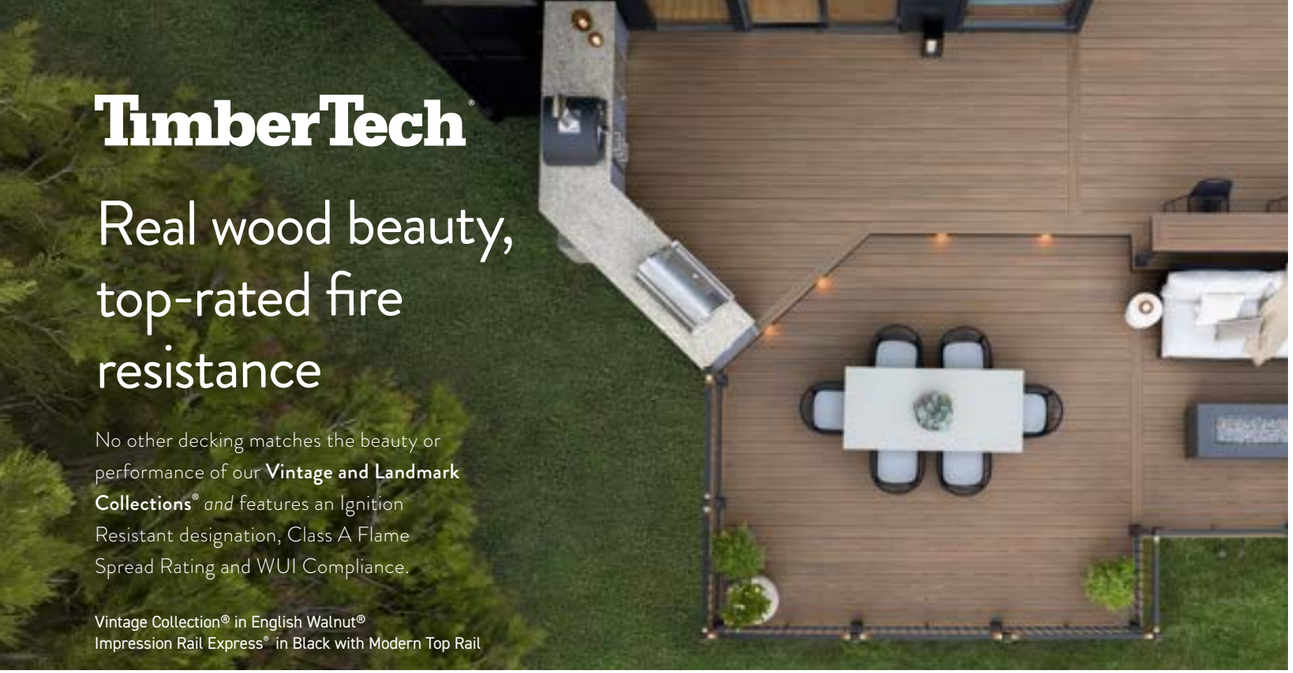

1. Take your samples to the space you'll build your deck.

2. View the colors and textures at different times of day to see how they look in the light.

3. Consider how the colors and textures work with your home's exterior and the surrounding landscape.

TimberTech®

Real wood beauty, top-rated fire resistance

No other decking matches the beauty or performance of our **Vintage and Landmark Collections®** *and* features an Ignition Resistant designation, Class A Flame Spread Rating and WUI Compliance.

Vintage Collection® in English Walnut®
Impression Rail Express® in Black with Modern Top Rail

Ignition Resistant

Ignition-resistant decking is less likely to catch fire compared to traditional and composite decking materials.

Class A Flame Spread Rating

A Class A Flame Spread Rating indicates superior fire resistance, meaning the material is highly effective at inhibiting flame spread.

WUI Compliant

Wildland Urban Interface Compliant materials resist flame spread and catching fire due to flying embers.

The total solution for a fire-resistant deck

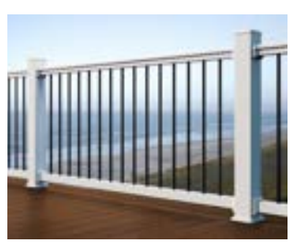

ALUMINUM FRAMING

Our non-combustible Aluminum Framing has a Class A Flame Spread Rating for unmatched strength and fire resistance.

METAL RAILING

With classic looks and sleek, minimal design, non-combustible Fulton Rail® and Impression Rail Express® offers stand out, fire-resistant style.

PREMIUM VINYL RAILING

Featuring versatile design options and a Class A Flame Spread Rating, Reliance Rail™ delivers fire-resistant style at an entry-level price point.

TimberTech
FRAMING

Aluminum Framing: The foundation that stands the test of time

TimberTech Aluminum Framing gives your deck projects the long-lasting benefits you expect from a TimberTech deck and performs better than other framing materials.

- Built to last with superior material that doesn't rot or corrode like wood or steel
- Major components are backed with a Lifetime Limited Product Warranty
- Easy to install; compatible with all TimberTech Decking and Railing
- Results in an incredibly flat deck surface that will look great for years to come
- Made from inherently non-combustible, powder-coated aluminum, our framing comes with a Class A Flame Spread Rating – the best available

TimberTech ACCESSORIES

Details make the difference

From finishing touches to water management, these extras help make your deck a space you'll love for decades.

RISER BOARDS

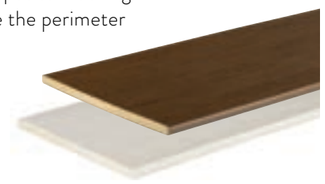

Available for all TimberTech Advanced PVC and Composite collections. Use on stairs for a finished, seamless look. Advanced PVC Riser Boards can be used with Cortex plugs.

FASCIA BOARDS

Available in all TimberTech Advanced PVC and Composite Decking colors or White AZEK® Trim Boards. Helps to frame the perimeter of your deck for a polished look.

DRYSPACE™ WATER MANAGEMENT SYSTEM

Make better use of the area under your deck with DrySpace, an under-deck water management system for second-story decks that collects and helps channel moisture away from the home. Made of solid extruded vinyl for durability and weather resistance.

BONE WHITE

TIMBERTECH® DECKCLEANER™

Field-tested and approved specifically for all TimberTech capped decking and railing, as well as trim, moulding, and our Invite Collection® furniture. The concentrated biodegradable formula removes seasonal debris like dirt, mold, and pollen, as well as everyday spills and stubborn spots.

Not intended for use on wood or uncapped composite decking

THE BEST FASTENERS FOR A SEAMLESS LOOK

TimberTech Fasteners are uniquely designed to work with TimberTech Decking.
For the best possible installation and warranty eligibility, don't settle for anything less.

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLoc®

Top-down, color-matched decking fasteners that blend in with your deck boards, fascia, and riser boards. Available for both TimberTech Advanced PVC and Composite boards.

TOPLoc® FOR ADVANCED PVC

TOPLoc® FOR COMPOSITE DECKING

TOPLoc® FASCIA FOR ADVANCED PVC

TOPLoc® FASCIA FOR COMPOSITE DECKING

HIDDEN FASTENERS FOR GROOVED BOARDS

CONCEALoc®

With matte brown clips installed in between grooved boards for a hidden appearance, CONCEALoc® can be installed pneumatically with the FastenMaster TigerClaw Gun or manually using a drill. Designed exclusively for our grooved deck boards.

EDGELoc®

Designed exclusively for TimberTech Prime+, Prime, and Premier grooved boards, EDGELoc's nylon 12-clip collated strips and pre-set stainless steel screws make installation and create a 7/32" gap for a uniform appearance.

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

ADVANCED PVC

CORTEX®

Top-down system with material-matched plugs made of the same decking as the surface boards. The high-quality, ACQ-approved, specialty deck screws have a Torx® ttap® drive system and can be used on stairs and perimeter boards. Collated plugs now available for all decking colors*.

**Not for use with Terrain collections.*

CORTEX® FOR ADVANCED PVC

CORTEX® FOR COMPOSITE

SIDELoc™

Designed exclusively for TimberTech Advanced PVC square-shoulder boards, this system features screws installed at an angle through the side of the board and into the joist for a secure hold. Use the SIDELoc™ guide for consistent ⅛" board spacing.

Not for use with TimberTech Composite Decking

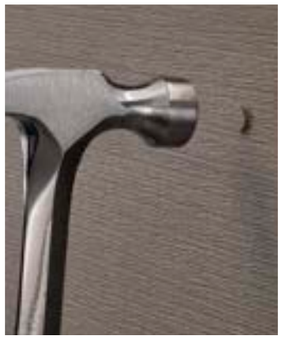

COMPOSITE

PAMFast Tool sold separately.

CORTEX® COLLATED SCREWS

For a more comfortable installation from the standing position, Cortex Screws can now be installed through the FastenMaster PAMFast™ Tool. With its smooth, consistent drive, PAMFast fastening technology prevents jams and dramatically reduces installation time.

New CORTEX FOR COMPOSITE FASCIA

Material-matched to TimberTech Composite Fascia Boards.

FEATURES:

- Enginered for TimberTech Composite Fascia — designed to support the expansion and contraction of fascia boards over time.
- Installs in 3 easy steps
- Plugs made from TimberTech fascia board
- Featuring Torx® ttap® drive system
- 50 LF 1 ⅜"

Create a look all your own with multiple customization options from top rails to infills to colors and more.

BEST WARRANTIES

Our railings are protected by warranties up to Limited Lifetime*, and the Premium Matte colors also feature industry-leading 25-Year Fade & Stain Limited Warranties.

ECO-FRIENDLY

Made to be strong and stable, with the composite railing being made from up to 50% recycled material.

Warranty length varies by collection.

Discover your rail style

Deck designs might start with the boards, but railing defines the overall style. Learn the railing lingo, and explore style options before customizing your look.

TOP RAIL
Top horizontal piece in between posts that connects to the infill

INFILL
Material in between the top and bottom rail

POST CAP
Finishes the look and can be updated to include lighting

POST SLEEVE
An attractive cover for wood posts to protect them from the elements

BOTTOM RAIL
Piece that spans the bottom length of railing and supports the infill

RISER LIGHTS
Improves visibility on stairs and raised platforms

POST SKIRT
Creates a seamless connection between the posts and decking

Vintage Collection® in English Walnut®, Impression Rail Express in Black with Modern Top Rail

TIMELESS & TRADITIONAL

With its classic beauty, traditional railing adds a stately look to your home that never goes out of style.

Vintage Collection® in Coastine, Classic Composite Series in White with Premier Top Rail

Choose a shapely top rail and decorative cap

Vintage Collection® in Coastline®, Piannacle Rail™ in Gloss White

Traditional infills can be simple square baluster or something with more interest, like decorative panels

Classic Composite Series in Matte Black with Premier Top Rail

A timeless neutral doesn't have to be white

SLEEK & CONTEMPORARY

The hallmarks of contemporary or modern style are clean lines and an amazing backyard view.

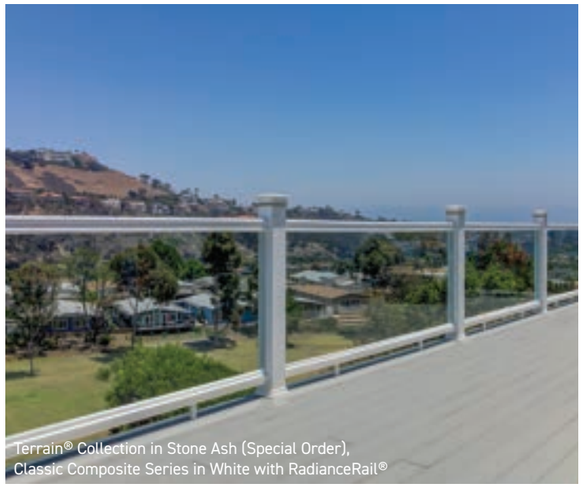

Vintage Collection® in Coastline®, Impression Rail Express® in White with Modern Top Rail

Choose a top rail with clean, simple lines and a minimalist post cap

Legacy Collection in Pecan, Impression Rail Express® in Matte Black with Modern Top Rail

Maintain your views with streamlined infills like cable rail or glass planels

Terrain® Collection in Stone Ash (Special Order), Classic Composite Series in White with RadianceRail®

With modern styling, any rail color can be contemporary

BLENDED & TRANSITIONAL

If you like a little bit of traditional and a little bit of contemporary, your style is more transitional — and your options are endless.

Vintage Collection® in Coastline®, Classic Composite Series in Gloss White with Premier Top Rail

Consider color combinations like white or brown top rails with black infill

Classic Composite Series in Gloss White with Premier Top Rail

Mix traditional top rails with a contemporary infill like cable rail or glass panels

Classic Composite Series in Matte Black with Drink Rail

Drink rails work for most styles and are great for entertaining

High-performance composite railing

Made from a mix of high-performance polymers and recycled wood fibers for impressive durability, these collections offer the most customization and style options.

COMPOSITE

CLASSIC COMPOSITE SERIES

Vintage Collection® in Coastline®, Classic Composite Series in Matte Espresso with RadianceRail®

Looking to design a unique, custom railing for your space? With several top rail profiles and a universal bottom rail, the Classic Composite Series offers the most customization options, making mixing and matching components a breeze.

AZEK EXTERIORS

ENGINEERED TO LAST BEAUTIFULLY

Engineered to last, beautifully

Give your home a fresh new look with AZEK Exteriors®. From PVC Trim and Moulding for beautiful detailing to Column Wraps for an inviting entryway, these high-performance, high-style products can transform your home's curb appeal. AZEK Trim complements TimberTech decks and porches, providing the same longevity and water resistance for a total outdoor solution.

AZEK Trim & Moulding

Engineered with advanced materials science, our PVC Trim and Moulding delivers exceptional durability and performance, while giving your home a crisp, clean look. And the best part? It's extremely low maintenance. Choose from white trim or ready-to-paint trim designed with PaintPro® Technology for improved paintability — and absolutely no sanding or priming.

AZEK Smooth Trim

AZEK Woodgrain Trim

AZEK White Trim

AZEK Column Wraps

Raise your curb appeal with attractive AZEK Column Wraps that come in either straight or tapered designs. Easy to install around existing wood columns, AZEK Column Wraps are a simple way to spruce up your porch and entryway.

DISCOVER THE AZEK PORTFOLIO

AZEK One-Piece Column Wrap

The best substrate for paint

The products below feature ready-to-paint PaintPro Technology. PaintPro creates a superior bond with paint for improved coverage without the need for any special prep and helps ensure longer-lasting curb appeal. With the revolutionary power of PaintPro Technology for exterior trim and siding, there's no need for frequent maintenance and expensive repainting.

PAINTPRO® TECHNOLOGY

TRIM AND SHEET

Versatile AZEK Sheet is useful for milled panels and large areas. Combined with extensive trim profiles, your projects are limitless. Also in Classic White.

SIDING

AZEK Lap Siding and Shingle Siding bring an elevated, traditional look to fine homes, with the natural appearance of wood siding but without the ongoing maintenance.

BOARD AND BATTEN

Also available in Classic White, Board and Batten offers design flexibility both in batten width and spacing plus a range of color choices.

AZEK EXTERIORS CAPTIVATE® PREFINISHED SIDING & TRIM

PREFINISHED SIDING AND TRIM

Starting with trim and siding enhanced with PaintPro, our prefinishing partners paint your order in their facility with top-quality, solar reflective paint in a range of shades, including some custom colors. It's labor-saving, convenient, and a finish that's better than anything painted in the field.

SEE THE PREFINISHED DIFFERENCE

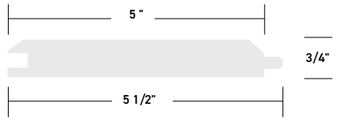

Alpine Collection:
A weather-ready, finished wood look

Turn up the beauty and turn off maintenance worries with AZEK Alpine in ceilings, soffits, porches, gazebos, and more. Combining low-maintenance polymer materials with a final layer of realistic, warm woodgrain finishes, Alpine handles the outdoors effortlessly with a stained wood look that never needs refinishing.

Tongue-and-Groove WP4

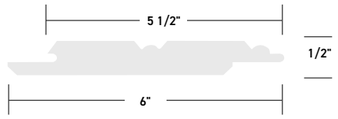

Tongue-and-Groove delivers the modern, wide-plank look to your project. This profile enables hidden fasteners, whether arranged horizontally, vertically, or angled. Available in 18'.

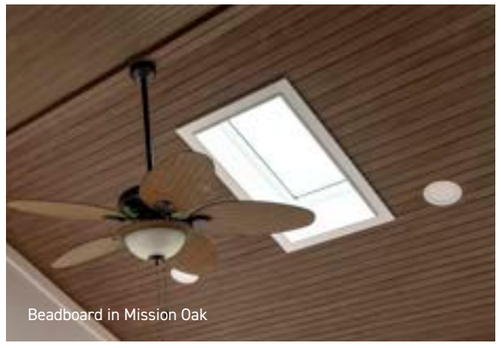

Tongue-and-Groove WP4 in Harbor Ash

Beadboard

AZEK Alpine Beadboard provides a traditional, rustic farmhouse look with center bead and v-groove. Consistent interlocking design means tight joints and easy installation. Available in 18'.
